FROM: Jess Greenwood, Public Works Director / County Engineer

RE: 15 Jul 25 County Board Meeting
Road Tour

Date: 08 Jul 25

Summary

It is requested that the County Board decide if there will be a road tour in 2025.

Background

The County Board last went on a road tour in the summer of 2023. This tour usually begins at 8:00 a.m. at the Public Works office. After a short meeting the Commissioners and staff board a van and drive around the County looking at roads, bridges, parks, and other sites of interest. This tour gives everyone a chance to see many of the recent improvements to the County Road, bridge, and park systems, and to see sites where there are needs for future projects. The length of the tour depends on the total number of stops that are planned.

Alternatives

Decide if the Commissioners wish to take a road tour this year.

Recommendation

It is the recommendation of staff to take a road tour this summer/fall to see recent improvements, ongoing projects, and to visit issues that the Commissioners should see.

If the County Board decides to take a road tour, a survey of potential dates will be sent to the Commissioners to determine a date for the tour.
