RE: 21 October 2025 County Board Meeting – **CONSENT AGENDA**
On-line Auction – Sale of Obsolete Items

Date: 16 October 2025

Public Works staff is requesting authorization to sell the following items by auction on the Public Surplus website.

Two liquid storage containers were located at the Wanamingo Landfill. These containers were used for storage of used motor oil. One has a capacity of approximately 190 gallons, and the other has a capacity of approximately 250 gallons. These containers were removed from the landfill prior to construction activities to close it. With the closure of the landfill and the fact that the County currently has separate containers for oil collection, the liquid storage tanks are no longer needed.

Items: 190 gal liquid storage tank
250 gal liquid storage tank
