FROM: Tim Redepenning – Facilities Maintenance Director

RE: County Board Meeting – CONSENT AGENDA
Online Auction – Sale of Obsolete Items

DATE: March 3, 2026

Facilities Maintenance staff is requesting authorization to sell used or obsolete miscellaneous furniture and equipment by auction on the Public Surplus website.

The items have been identified as no longer necessary for County operations or have reached the end of their useful life. Selling these items via online auction allows the County to recoup value while efficiently clearing storage space.
