RE: 06 Feb 24 County Board Meeting
Five-Year Bridge Program

Date: 29 Jan 24

Summary

It is requested that the County Board approve the updated Five-Year Bridge Construction Program.

Background

This update to the Bridge Construction Program is based on the last Five-Year Bridge Program approved by the County Board on 07 Feb 23. Two of the structures on that list were replaced in 2023, one new structure was added for construction in 2025, one new structure was added for construction in 2026, and four new bridge structures meeting various replacement criteria have been added for construction in 2028. Previously listed township bridges that were not built shifted down to the next year.

<u>Bridge</u>	<u>Owner</u>	<u>Replacement Year</u>	<u>Reason for Move</u>
25530	County	2025	NEW
L0416	County	2026	NEW
L0544	County	2028	NEW
6169	Featherstone Twp	2028	NEW
L9646	Warsaw Twp	2028	NEW
L0693	City of Goodhue	2028	NEW

Due to the increased costs of box culverts, higher cement prices, and an increased demand for construction, the funding currently available for bridge replacements is not going as far as it had been. However, with some success securing funding from various sources we look to maintain an aggressive program and would add more structures to the replacement list if additional funding were made available.

"To effectively promote the safety, health, and well-being of our residents"
