Marty Kelly
Goodhue County Sheriff

430 West 6th Street
Red Wing, MN 55066
Office (651) 267.2600
Dispatch (651) 385.3155

To: Honorable Goodhue County Commissioners
Citizens of Goodhue County
From: Sheriff Marty Kelly

February 20, 2024

I am once, again honored and humbled to serve as your Sheriff. I do not take this responsibility lightly and I am grateful of the support from our County Commissioners and our citizens. The year 2023 presented many challenges for our office yet I am happy to report that we have persevered and have come out stronger on the other end. Thank you for reading about what our wonderful staff has been doing this past year.

The year 2023 was a year that staffing shortages for our office and the county as a whole was by far our greatest challenge. A unique statistic for our office in particular was that we hired or promoted someone every six-business days in 2023: something that has never been done before. The implementation of a new pay scale has proven to be a strategic and effective move, significantly contributing to the successful hiring and retention of staff. This adjustment has not only attracted skilled professionals to our organization but has also played a role in fostering a positive and motivated workforce and for that, I am grateful.

As part of our ongoing commitment to our team's well-being, we continue to focus on their emotional, mental and physical wellness. We recognize the importance of supporting our staff to ensure they can deliver the highest level of service to our communities. The funds supporting this program comes from our public safety funds provide by the legislature. The year 2024 is looking much brighter because of our staff and their commitment and dedication through much adversity in 2023.

Looking forward, we are expecting to take delivery of our grant-funded mobile command and communications vehicle later this year. This state-of-the-art addition to our fleet will enhance our capabilities, enabling us to respond effectively to emergencies and manage critical situations, thereby reinforcing our commitment to public safety. We will also be implementing body-worn cameras this year. Funded by public safety funds, this initiative aims to further enhance accountability and trust within our communities.

In addition, we have successfully completed a comprehensive building space study and solidified a new two-year lease agreement with the City of Red Wing. This collaborative agreement ensures a stable and suitable space for both entities, fostering a strong partnership with the City as we work to enhance the safety and well-being of our communities. Lastly, a very smooth transition took place when our office took over law enforcement services for the City of Goodhue; making that the fifth community we provide services for.

Thank you again for your unwavering support of our office and our staff. Should you need to contact me, as always, my door is open.

Mission Statement

The Goodhue County Sheriff's office in partnership with our communities, strive to improve and maintain the quality of life we enjoy and ensure that our county is a safe place to live, work and visit.

VALUES

Integrity

We firmly adhere to the values and professional ethics outlined in the Law enforcement code of ethics. We are guided by honesty and moral courage in the performance of our duties and relationships with all persons. Our personal and professional behavior should be a model for all to follow.

Respect

We recognize the value of our unique cultural diversity and treat all people with kindness, tolerance and dignity. We cherish and protect the rights, liberties and freedoms of all persons.

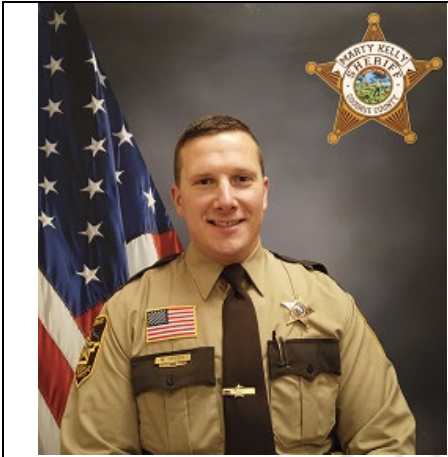

Empathy

We will strive to have the ability to experience and relate to the thoughts, emotions or experience of others. We will be able to understand and support others with compassion and sensitivity by Stepping into Someone else's Shoes, be aware of their feelings and understand their needs.

Compassion

We will recognize when someone is suffering and act on the desire to alleviate it.

Drone Team

Pilots:

Currently we have four FAA licensed drone pilots.

We currently have two others scheduled for training.

We are adding more pilots in the future.

Drone Fleet:

Our current drone fleet consists of three drones.

1. Matrice 200 – this drone has the capability of thermal imaging and is capable of flying in higher wind conditions. It is the work horse of the drone fleet.
2. Mavic 3E – This is our newest drone and replaces a similar drone that was damaged in a training accident a few years ago. This drone is versatile and can be used on a wide variety of missions. It is fast to deploy and fast on scene. Being the newest drone, it has some of the latest technology as well as very good camera system.
3. Mavic Mini – The primary use of the mini is as an inside drone also is a fast to deploy drone. This drone is used a lot with our ERT unit and is another tool for clearing houses and rooms before sending in K-9 or officers.

Missions:

2023 the team flew a total 13 missions.

A majority of the missions were search and rescue style missions as well as assist ERT.

Other missions included public safety, public demonstrations, County Fair events, manmade or natural disasters.
