Re: July 1, 2026 Park Projects Resolution

Date: September 1, 2026

At the May 5, 2026, County Board Workshop, staff was given direction from the board not to proceed with any new items or improvements related to the county parks.

At the June 17, 2026, Committee of the Whole meeting, Public Works Director, Jess Greenwood distributed a report prior to the start of the meeting with a recommendation from the park board to move forward with several high priority park projects.

At the July 1, 2026, County Board Meeting, Jess Greenwood, brought forward a report requesting authorization to proceed with park projects.

I made a motion, seconded by C/Flanders to approve moving forward with all the projects as presented. The motion was approved with a 3-2-0 vote.

Included with this agenda item was a funding summary provided by Finance Director, Lucas Dahling.

The funding summary included Buffer Trees and Shrub planting for \$18,000; however, this was not addressed in Jess Greenwoods report.

I would like to clarify the intent of my motion was to move forward with the Buffer Trees and Shrub planting for \$18,000 as listed on the funding summary.
