RE: 04 Feb 25 County Board Meeting
Local Option Sales Tax (LOST) Public Hearing

Date: 28 Jan 25

Summary

It is requested that the County Board consider adding additional highway construction projects to the list of projects that are eligible to use Local Optional Sales Tax (LOST) revenues.

Background

On an annual basis Goodhue County Public Works prepares updated 5-year Road & Bridge programs that address current issues with County infrastructure. These programs are driven by available funding, issues that arise during the year, and changes in what is happening with the industry as it relates to market trends. The Road & Bridge programs are fluid documents that change from year to year because of those factors. 2025 is no exception to that, especially with inflationary pricing.

As programs change and new projects are added, there becomes a need to re-visit the list of LOST eligible projects. Updating this list of projects ensures that the collected dollars are able to be spent on projects approved in the 5-year programs.

During the February 6, 2024, meeting of the Board of Commissioners, the list of LOST eligible projects was updated. Over the last year, several projects were added to the program. The 2025 Five-Year County Highway Construction projects that are highlighted indicate their LOST funding eligibility.

Staff is requesting that the County Board approve a new list of eligible projects to utilize proceeds collected through the Local Option Sales Tax.

Alternatives

- Adopt an updated list of Highway Construction Projects that are eligible to use revenues from the Local Option Sales Tax.
- Seek funding from other sources.

- Take no action and continue to work from the approved list of eligible projects from 2024.

Adoption of a revised Local Option Sales Tax project list requires a public hearing. Notice of this public hearing was published on the County's website and in the Kenyon Leader on January 22nd as well as several other local newspapers around the same timeframe. After the public hearing and considering public comment, a resolution containing a list of projects that would be eligible for funding is needed to utilize dollars from the Local Option Sales Tax. These funds cannot be used for maintenance, paying staff, buying equipment, or other purposes.

Recommendations

Staff is recommending two separate actions:

First, it is the recommendation of staff that the Board hold a public hearing, consider the public's opinions, and decide how to proceed.

Second, it is the recommendation of staff that the Board consider adopting the updated list of projects attached to this agenda report through these two separate actions:

- A) Adopt a list of projects that could receive proceeds from the Local Optional Sales Tax. The Board is reminded that this list of projects is fluid and will require revisions as the system ages, new needs develop, and opportunities emerge; and,
- B) Approve the attached resolution as written or revised through the first action.
