Re: Sentencing to Service Program

The State of MN has eliminated funding for the Sentencing to Service (STS) Program. Goodhue County has received termination notice of the current contract effective June 18, 2025.

The attached presentation gives an overview and history of the STS Program in Goodhue County. In addition, it outlines three options, and the costs associated with those options. Loss of the STS program in Goodhue County creates a significant reduction in labor provided and ends a restorative justice program that fostered a sense of accountability while making meaningful contributions of time and work.

Also attached is the packet of information that was forwarded to the State Legislature advocating for the continuation of the program, in that packet is a detailed list of duties currently assigned to STS that is referenced in the presentation.
