# A world of family, friends and activities

Your school-age child has new interests and is doing many more things. Your child still depends on you for help to grow up healthy.

Checkups **every year** help keep your child's growing body and brain healthy. These checkups are for you, too—to get what you need as a parent or caregiver.

## What can you expect at each checkup?

- A chance to ask your questions
- Reliable information about healthy food, sleep, behavior and safety
- A check on how your child is growing, learning, developing and feeling
- Height, weight and blood pressure checks

- A head-to-toe exam
- Immunizations if needed
- Hearing and vision checks
- A referral to a dentist
- Referrals or help for family needs, like:
  - Food, housing and utilities
  - Money or job resources
  - Child care
  - Help with safe relationships, mental health or substance use
