

Walk and Roll to Sunnyside School

Walking and biking to school or the bus stop builds children's confidence and independence, strengthens neighborhood connections, makes our students healthier, gets the brain ready to learn, and is fun.

If your child WALKS or BIKES to school:

Work with your child to choose a good route.

Try different routes together and see which one(s) feel best.

Ensure your child wears a helmet every time they bike. The helmet should fit snugly and level on the head just above the eyebrows.

Teach your child they are *driving* a bike to school and need to obey all rules of the road.

If you DRIVE your child to school:

Drop your child off at a safe location along a sidewalk or bike path and let them walk or bike the rest of the way to Sunnyside. This does four things:

- Gives your child independence and fresh air before class
- Minimizes traffic near school
- Makes the entrance area safer for students
- Saves you time

Carpool as often as possible to reduce traffic near the school.

Drive slower than the speed limit near Sunnyside.

Always stop for students waiting to cross the road.

If your child TAKES THE BUS:

Let them walk to and from the bus stop.
