1. Approve the FY2021 CVSO Operational Improvement Grant.

HUMAN RESOURCE DIRECTOR'S REPORT

September 15, 2020 Personnel Committee Report. The Personnel Committee met on Tuesday, September 15, with the following items on the agenda:

Human Resources Request For Summer Help 2021. The Personnel Committee recommended approval to hire a summer student in the Human Resource Department beginning the summer of 2021.

- ⁴ Moved by C/Anderson, seconded by C/Flanders, and carried to approve to hire a summer student beginning the summer of 2021.

HHS Reclassification Request. This issue will be addressed at the Health and Human Services Board meeting.

Public Works Staffing Needs. The Personnel Committee had a split recommendation on this issue.

C/Nesseth questioned that if this was approved, \$200,000 in consultant fees would be removed from the 2021 budget. Mr. Isakson clarified that the money would not come out of the budget, but rather shift from consultant fees to employee expenses.

- ⁵ Moved by C/Anderson, seconded by C/Drotos, and carried (3-2-0) with C/Majerus and C/Nesseth dissenting to approve to hire a Project Engineer in the Public Works Department.
- ⁶ Moved by C/Flanders, seconded by C/Anderson, and carried to approve and carried (3-2-0) with C/Majerus and C/Nesseth dissenting to approve to revise the Administrative/Accounting Assistant Responsibilities and hire an Administrative Support Specialist in the Public Works Department.

Approve Opting out of the Payroll Tax Holiday. In August, the President issued a Presidential Memorandum and IRS Notice 2020- 65 allowing certain payroll taxes to be deferred. The Memorandum directed the Department of Treasury to act under its emergency authority to issue guidance that would allow employers to defer the withholding and payment of the Social Security taxes. The Notice provides that employers may defer withholding the 6.2% employee portion of the Social Security tax for certain wages paid to employees between September 1, 2020, and December 31, 2020.

There are several problematic tax implications for employees if Goodhue County implements this program. With so many unknowns, staff recommended the Board pass a resolution that would not implement the Payroll Tax Deferral program.

- ⁷ Moved by C/Anderson, seconded by C/Flanders, and carried (4-1-0) with C/Nesseth dissenting to approve to opt out of the Payroll Tax Deferral Program.

COUNTY ADMINISTRATOR'S REPORT

2021 Preliminary Levy Report. Staff reviewed the current budget and levy request with the board and recommended the board set the 2021 preliminary levy.

C/Nesseth was in favor of option 4 which, to approve a 0% levy increase over the 2020 approved levy. C/Anderson was in favor of option 1, which was a levy of \$37,932,778 and was the current levy need. He felt that would give the county some flexibility and could always be lowered in December. C/Flanders agreed and noted that she was in favor of not having the spikes in the tax levy. C/Majerus agreed with C/Nesseth and wanted to see no increase in the levy. C/Drotos favored flexibility.

- ¹⁰ Moved by C/Anderson, seconded by C/Drotos, and carried (3-2-0) with C/Nesseth and C/Majerus dissenting to approve the following resolution establishing the 2021 Preliminary Levy for Goodhue County:

Action Requested:	Schedule Tobacco Licensing Ordinance Public Hearing		

BACKGROUND:

Goodhue County’s tobacco retailer licensing ordinance was updated in 1999. There is a need to update this, matching our local ordinance and enforcement with recently updated state and federal laws.

1. In late December 2019, President Trump signed legislation to amend the Federal Food, Drug, and Cosmetic Act, and raised the federal minimum age of sale of tobacco products from 18 to 21.
2. On August 1, 2020, The Minnesota Tobacco 21 law went into effect that will ensure implementation, compliance and enforcement of a commercial tobacco sale age of 21 years old. The state law:
 - Raises the minimum legal sales age for commercial tobacco products to 21;
 - Increases retailer penalties for furnishing or selling to persons under 21;
 - Eliminates criminal penalties for underage possession, use, or purchase (PUP) violations, allowing only non-monetary, civil penalties for underage use of false identification to purchase or attempt to purchase;
 - Updates compliance check protocols to require decoys to be between 17-20 years of age;
 - Narrows the adult-only store exceptions for self-service and sampling, allowing these activities only in stores that prohibit entry by anyone under the age of 21, have an entrance directly to the outside, and derive at least 90 percent of gross revenue from license products;
 - Requires retailers to check photo identification to verify the age of anyone under 30;
 - Requires Minimum Legal Sales Age (MLSA) signage at every licensed retail location; and
 - Updates the definition of electronic delivery devices, providing broader coverage than federal law.

Our ordinance currently applies to retailers in Bellechester, Frontenac, Hay Creek, Welch, and unincorporated areas. The cities of Cannon Falls, Dennison, Goodhue, Kenyon, Pine Island, Red Wing, Wanamingo, and Zumbrota have ordinances for tobacco retailers within their city limits.

To further ensure implementation, compliance and enforcement—which takes place at the county level—Goodhue County needs to update our ordinance to align with state and federal law. These ordinance changes have been reviewed the Public Health Law Center and the Goodhue County Attorney’s Office.

A summary of Goodhue County Health and Human Services staff work on this topic over the years:

- **February 2014:** Gina Johnson, Clearway Minnesota Grant Coordinator, presented survey results of a 4-county phone survey of public support for updating/revising tobacco ordinances such as ordinance #1014.14. Goodhue County Health and Human Services received ClearWay Minnesota grant funding from 2005-2017 for various tobacco prevention efforts.
- **2015:** County Board approved an increase to the Goodhue County tobacco licensing fee.
- **May 2017:** Gina Johnson provided an update on the Goodhue County tobacco ordinance, including recommended changes from our Attorney's office. No action was taken at this time. Our ClearWay funding then ended, and part of our Statewide Health Improvement Partnership (SHIP) funding was redirected for our Live Well Goodhue County Coordinator to work on tobacco prevention.
- **November 2018:** David Anderson, Live Well Goodhue County Coordinator, again shared information on the current state of our tobacco ordinance and options to strengthen it, including raising the minimum age to purchase tobacco products to 21. The Board requested staff to engage with our communities to learn if any cities were planning to raise the minimum age to 21.
- **March 2019:** Public Health Law Center (PHLC) reviewed our ordinance and recommended updated language to meet the minimum tobacco sales restrictions required by state and federal laws. The PHLC also recommended additional language and format changes to improve the clarity of our policy.
- **June 2019:** HHS staff met with our Attorney and Sheriff staff to review recommended updates.
- **April–December 2019:** David Anderson has given presentations to service clubs and community groups, and attended Parent-Teacher Conferences in Red Wing and Fall Activity Registration night in Kenyon-Wanamingo. Informational City Council presentations occurred in Kenyon, Pine Island, Red Wing and Wanamingo and Zumbrota.
- **November 2019:** David Anderson presented to HHS Board. HHS Board recommended County Board move forward with minimum updates and requested a COW for more local feedback about youth penalties.
- **February 2020:** David Anderson presented to the Committee of the Whole. Information was provided on purchase, use, and possession penalties for youth. After this COW, the legislature did pass changes which went into effect August 1, 2020, which eliminate purchase, use, and possession penalties for youth.
- **March 2020-present:** Ruth Greenslade presented to a meeting of local city administrators about moving forward to update city tobacco retail ordinances in March just before the stay at home order. Since state law had not yet been passed, the intent was to raise the minimum sales age to 21 consistently in all the city ordinances. David Anderson continues to communicate with and work with cities to update their ordinances to match the Minnesota Tobacco 21 law, which went into effect August 1, 2020 (see above).
- **September 2020:** Public Health Law Center and Goodhue County Attorney's Office again reviewed recommended revisions to ensure consistency with the recent changes in state law.

RECOMMENDATION:

Staff recommends the County Board schedule a Public Hearing to gather public input on Tobacco Licensing Ordinance #1014.14 on November 3, 2020, and authorize staff to advertise, and send the required notifications for this Public Hearing.

GOODHUE COUNTY
TOBACCO LICENSING ORDINANCE
Ordinance #1014.14

The County Board of Goodhue County ordains and establishes an ordinance relating to the sale of tobacco, tobacco products, tobacco related devices, electronic delivery devices, and nicotine or lobelia delivery devices in the County.

Section 100. Purpose

Because the County recognizes that many retailers sell tobacco, tobacco products, tobacco related devices, electronic delivery devices, and nicotine or lobelia delivery devices to persons under the age of 21; and because sales to persons under the age of 21 are a violation of Federal and state law; and because studies have shown that most people who use commercial tobacco products begin before they have reached the age of 21 years and that those persons who reach the age of 21 years without having started using commercial tobacco products are significantly less likely to ever begin; and because the use of commercial tobacco products has been shown to be the cause of several serious health problems which subsequently place a financial burden on all levels of government; this ordinance shall be intended to regulate the sale of tobacco, tobacco products, tobacco related devices, electronic delivery devices, and nicotine or lobelia delivery devices for the purpose of enforcing and furthering existing laws and to further the official public policy of the State of Minnesota in regard to preventing young people from starting to use commercial tobacco products as stated in Minn. Stat. § 144.391.

Section 200. Applicability and Jurisdiction

This ordinance governs the licensing and regulation of the sale of tobacco, tobacco-related devices, electronic delivery devices, and nicotine or lobelia delivery products in the unorganized territory of Goodhue County and in any city or town located in Goodhue County that does not license and regulate retail sales of tobacco, tobacco-related devices, electronic delivery devices, and nicotine or lobelia delivery products in conformance with the minimum requirements of Minn. RE: County Ditch 1 Appointment of Viewers

Summary:

The next step in the process of re-determination of benefits for the County Ditch 1 project is to appoint Viewers.

Background:

Staff sent out an email to the Viewers Association and received two quotes for services. We sent additional questions to the respondents and came to a consensus that we would like to move forward with the company H2Over Viewers. See attached proposal and information.

After the Board appoints the viewers and executes the contract, the County Administrator will administer the oaths for the Viewers via a virtual meeting.

Recommendation:

Staff recommends that the Board

- 1) Approve the attached resolution appointing the listed individuals as Viewers;
- 2) Enter into a contract with H2Over Viewers, LLC, to determine the benefits and damages, and the benefited and damaged areas of County Ditch 1;
- 3) Authorize the Board Chair to sign the contract on behalf of the County Board (Drainage Authority) when the contract is presented.

Goodhue County Drainage Authority
Red Wing, MN 55066

Dear County Drainage Authority,

I am submitting this offer letter on behalf of the H2Over Viewers team of viewers to complete the redetermination of benefits for Goodhue County, MN. The entire H2Over Viewers organization would like to thank you for considering us for these projects.

CD 1

We would like to offer our services for the redetermination of benefits on county ditch system 1

For this system we are prepared to offer Goodhue County the following terms for our Standard Redetermination Package:

- \$12,500 Flat rate
 - This is a fully loaded fee that includes the mileage and per diem for our viewers and the cost of the Standard Redetermination Package.
 - 90% of the estimated project cost is prorated over the 12 months (the estimated time it will take to complete) with the remaining 10% due when the final report is turned in.
- With the understanding that the combined systems will hold a single landowners meeting (with individual time afterwards) and a single final hearing we are able to offer no charge for these meetings
- H2Over Viewers can provide the Drainage Authority with printing and mailing out Property Owners' Reports at no additional charge

The H2Over Viewers Standard Redetermination Package includes the following deliverables. The information and maps included in this package can be used by your county in performing parcel splits and classification splits for the foreseeable future.

- Physical viewing
- Narrative viewers' report
- Tabular viewers' report (per 40-acre tract); This report can be provided in any format the Drainage Authority would like to facilitate ease when entering into their tax system.
- System overview map
- Individual parcel maps
- GIS maps that include land classifications
- Attendance at:
 - Landowner meetings

- Final Hearing
- For your protection we provide the following insurances at no cost to the Drainage Authority:
 - 1 million in Professional Liability
 - 1 million per occurrence and 2 million aggregate in General Liability
 - 1 million for any employee driving any vehicle(s) doing work for H2Over Viewers
 - 1 million umbrella on top of the aforementioned

The H2Over Viewers process for redetermining benefits is deeply rooted in a scientific data. This approach means we will be working closely with a team of engineers (at no additional cost to the drainage authority). This team of engineers will be producing the preliminary watershed modeling based on the use of state-of-the-art technology, yielding the most accurate maps available today. Our team of trained economic evaluation consultants will be using LiDAR data, Shuttle Radar Topography Mission data and 20+ different years of satellite imagery. We will look at depression maps, soils maps, contour maps, elevation relativity maps, crop productivity index maps, GIS parcel data, ditch alignment layers and many more. We use as many as 35 different GIS layers of data each weighted differently to produce the highest quality land classification maps available. We will also spend a considerable amount of time in the field ground truthing the data to make sure we know the location of culverts, tile inlets, pumps, anything deemed important to our process of determining economic values and/or drainage patterns within the watershed of the appointed systems.

Additional Information:

1) H2Over Viewers brings with them 3 highly trained viewers, as well as a highly trained alternate viewer in the unfortunate event one of the viewers cannot finish the contract. This protects the county to ensure the project gets completed. Our viewers have redetermined over 1 million acres for over 20 different counties in MN. To date, there has been zero appeals based on the merit of our work.

2) We provide the highest level of GIS maps, not only for our process, but for the drainage authority to have for any future needs, i.e. parcel splits, tile management, future improvements, One Watershed One Plan, as well as a level of transparency in our viewing process.

3) Our process makes it very easy for the H2Over Viewers team to do future improvement redeterminations. We can input the changes to the drainage coefficients throughout the watershed and produce a high-level improvement redetermination based on scientific data.

4) Our company works with one of the most widely known engineering firms in the drainage community. This relationship gives us access to a team of drainage engineers throughout our process and allows us to consult with, at no additional charge to the drainage authority, on any aspect of the project.

5) All invoices are paid to H2Over Viewers and H2Over Viewers pays its viewers. This makes for easier accounting for the drainage authority.

6) Our prices are up front and our costs are known before we begin.

7) We provide contracts to outline everything clearly as well as provide deadlines that we can meet.

In short, I feel that we provide a level of professionalism not available by any other team or individual in our field. We strive for excellence both personally and professionally. Our job is to be transparent with our reports and provide as much information to both the board and the landowners as possible. Our goal is to provide a turn key service with little to no extra work needed from the Drainage Authority and its staff.

Once again, we would like to thank you for considering H2Over Viewers for your redetermination of benefits needs for the drainage systems in your county. We truly believe that our Standard Redetermination Package is the best available in the state of Minnesota and will prove to be the solution you are looking for.

Respectfully yours,

Goodhue County Drainage Authority
Red Wing, MN 55066

Dear County Drainage Authority,

H2Over Viewers has a team of viewers who work in concert with one another as well as many behind the scenes advisors. Below is a list of both. We have over 75 years of combined experience creating a deep well of contacts to draw from during our process. Subject matter experts are used everyday in our process and all our experts have areas in which they advise us along the waters we navigate daily in our projects. Please find below the answers to the 5 additional questions posed by the Goodhue County Drainage Authority.

1) Viewers:

Bryan Murphy a former drainage contractor, has experience in GIS LiDAR drainage mapping. He has designed and installed thousands of miles of surface drainage ditches in Minnesota, North Dakota, South Dakota, Iowa, Nebraska, and the coastal plains of Texas. He has designed and installed over 7 million feet of sub surface drainage tile. He also has experience working for and with watershed districts. Bryan has taught classes in LIDAR theory and implementation. He has also put his skills in this area of expertise to use in real world applications such as surface and subsurface drainage design and construction.

Larry Murphy a 30-year administrator with an Associate's degree in soil and water. He has worked in the water industry with detail driven results. Larry is well known for getting the job done and with an ability of finding engaging ways to motivate both directors and the public alike. Starting a Minnesota rural water system from its inception, Larry is no stranger to moving water from one place to another. Working for and with a board of directors and the public for over 30 years, he is accustomed to delivering results to please the masses.

Shantel Hecht grew up in an agriculture environment. Received a Bachelor of Science in education with a major in physical education and health from Dickinson State University. She has experience in the financial world of banking as well as working in different government offices as well as working as a legal secretary drawing up deeds for land including mineral rights. She also has 7+ years' experience in accounting. Formerly working as a court administrator, Shantel knows her way around MN Statute.

Robert Conely and **Ken DeGier** are both alternate viewers with a life time of experience in the agricultural industry. Both are very well versed in drainage as well as GIS technology and they round out our team both professionally as well as in experience.

2) Economic Advisers:

As the industry leaders in drainage viewing, our team of professionals have experience in performing economic studies throughout the state of Minnesota. Having evaluated well over a million acres in over 20 counties in Minnesota the quality of our work speaks volumes to our experience. That being said, we draw on the knowledge of industry experts in the economic industry such as financial experts, appraisers, realtors, county assessors, land management companies, as well as corporate farming leaders to substantiate our economic evaluations.

3) Other Experts involved:

I will start with Houston Engineering; their team has supported H2Over Viewers on viewing projects for several years on over 100 public drainage systems and over 15 different drainage authorities. Our primary support team consists of:

Joe Lewis, PE, Support Lead, is a Water Resources Engineer with 8 years of public drainage experience. He has led numerous public drainage system projects, including engineer's reports for improvements and repair reports, as-constructed and subsequently improved condition determinations, wetland lateral effects analysis, and capacity modeling. Through his project experience, Joe has developed extensive knowledge of Minnesota Statute 103E (i.e., drainage law) and its application with drainage projects and drainage authority functions.

Tom Wrede, GIS Analyst, has 2 years of experience providing GIS services for public drainage projects. Tom gathers GIS data on public drainage areas, crossings, issues, and more to deliver as part of drainage records modernizations projects in addition to performing geospatial analysis to generate viewers reports.

Chris Otterness, PE, Senior Advisor, is as a Water Resources Project Manager in our Maple Grove office, particularly in the discipline of public drainage system management. With more than 17 years of public drainage experience, he has led numerous public drainage system projects, including engineer's reports for improvements and repair reports, as-constructed and subsequently improved condition determinations, wetland lateral effects analysis; capacity modeling, consolidation/division proceedings, and stakeholder involvement. As the lead author of the "Engineering and Environmental Considerations" chapter of the Minnesota Public Drainage Manual (currently being updated), Chris has developed extensive knowledge of Minnesota Statute 103E (i.e. "drainage law") and its application with drainage projects and drainage authority functions.

Other companies we work with include but are not limited to:

GK Technologies, provide GIS and technical support
Rinke Noonan, provide legal advice on projects
Bulls Eye Media, provide video and power point and website support
Rocking M, management consulting
Short Printer, creation and preparation of required documents
Froehling Anderson, CPA and financial advisors

ISG Engineering, drainage engineers
Ohnstad Twichell, legal advice
Universities both in MN and ND
Advanced Drainage System Inc., provide material costs and specifications
County Staff from current and previous projects

Land Surveyors

4) H2Over Viewers has not any appeals on the merit of our work in over 5 years and over 1 million acres evaluated.

5) You are most welcome to contact the following people as a reference to our work:

Administrator

Seth Sparks (attached letter of reference)

I also wanted to note that our standard procedure is to complete projects in a 12-month period. However, with a project of this size it is entirely possible for us to have it completed by the end of December of 2020.

The following is additional information provided in the original proposal. I thought it was important to keep these items in mind when looking at the differences between H2Over Viewers and other Viewers that may be considered.

- For your protection we provide the following insurances at no cost to the Drainage Authority:
 - 1 million in Professional Liability,
 - 1 million per occurrence and 2 million aggregate in General Liability,

RE: H₂O_{ver} Viewers Letter of Recommendation

To Whom it May Concern,

I understand that the Goodhue County Drainage Authority is considering using the H₂O_{ver} Viewers team to do redetermination of benefits on various public drainage systems within the county. H₂O_{ver} Viewers started work in Renville County in 2017 and have completed 53 drainage systems to date, which amounts to 244,400.84 acres. The original acres benefitted for these 53 systems were 77,073.27 acres. The systems varied in size from 252.71 acres to 31,736.01 acres. We currently have 16 systems still in progress. H₂O_{ver} Viewers have also completed 1 redetermination for a Renville County drainage system improvement as well multiple drainage system consolidations.

I can assure you that H₂O_{ver} Viewers have the necessary understanding of public ditch law but not only that, they also have the necessary resources and tools to perform any type of redetermination of benefits. With all of the drainage systems located within Renville County we have encountered many strange or abnormal situations (which I am sure you will as well) and H₂O_{ver} Viewers have handled this in stride. Dealing with water, many different situations arise, but I am confident that even if you encounter a new situation, H₂O_{ver} Viewers will reach out to the right people to ensure that they bring the best possible product to your Board and ultimately your landowners.

One of the major things that I personally believe sets H₂O_{ver} Viewers apart from other viewers is there use of technology. The individual landowner maps, easy to work with property owners reports, land class maps, as well as all of this in a shapefile format that can be used later to produce other reports/maps is unique to this team.

If you have any questions or require further comment, don't hesitate to give me a call at (320) 523-3746 or contact me via email at seths@renvillecountymn.com.

Goodhue County Commissioners, as Drainage Authority
Red Wing, MN 55066

Re: H₂Over Viewers Letter of Recommendation

To Whom It May Concern:

It has come to my attention that the Goodhue County Drainage Authority is searching for viewers to perform redetermination of benefits on public drainage systems in Goodhue County. As Administrator for the Sauk River Watershed District, it has been our pleasure to work with the H₂Over Viewers team for several years.

We have hired H₂Over Viewers to perform redetermination of benefits (ROBs) on nine (9) public drainage systems throughout Pope and Stearns County. Each system has unique topography, varying soil types, and outlining issues (DNR managed lake, municipal tile with differing directional flow/volume, a mostly urbanized area). In every instance, the team has worked with the District Board, staff, and legal counsel, county staff and property owners to achieve a genuine and robust product that is both fair for the property owners and defensible for the drainage authority. We are very confident with the finished product and have enjoyed our partnership with them.

H₂Over Viewers have shown a great understanding in viewing and balancing the needs of the drainage authority but still being open to every property owner to ensure that the end product is the best it can be. They have been timely and fairly priced and give unsolicited updates that aid in the drainage authority keeping property owners aware of the process.

In my humble opinion, you couldn't find a more skilled and professional team to accomplish your viewing needs. If you have any questions or require further comment, don't hesitate to give me a call at (320) 352-2231 or contact me via email at scott@srwdmn.org

Sincerely,

Project Summary:

Anthony Verch (owner) is requesting a Conditional Use Permit to establish a three-unit Bed and Breakfast Inn within an existing six-unit apartment building in the Village of Welch.

Goodhue County zoning standards require a Conditional Use Permit (CUP) be obtained prior to the establishment of any new uses or changes to existing uses within the Mixed Use Hamlet District.

Property Information:

- The subject parcel comprises 0.15 acres. The property contains an existing six-unit apartment building with a paved parking area along the northern side.
The Mixed Use Hamlet District does not have a minimum parcel size requirement. Lot size, depth, and width requirements are determined during the conditional use permit process.
- Of the six existing apartment units, only one unit is currently occupied by a long-term tenant.
- The property is zoned MXH (Mixed Use Hamlet District) and is bordered by MXH zoned properties on all sides. There is one property zoned R-1 (Suburban Residential District) to the east of the parcel. Adjacent land uses include a single-family dwelling, bar/restaurant, and various commercial businesses on the west side of County 7 BLVD.
- Access to the site is located off of County 7 BLVD (asphalt surface) on the west side of the property.
- The parcel is also within the Cannon River Scenic District overlay. This proposal will meet requirements for the Cannon River Scenic District per Article 29 Section 3 which allows existing development in the Village of Welch north of the Cannon River to continue.

- This parcel is also in the Shoreland Overlay District. This will not affect this CUP request as no changes are proposed to the exterior structural dimensions or impervious surfaces.

Operations:

- The existing building has six apartment units. Three units are on the upper level and three units are on the lower level. Each unit has its own kitchen and bathroom facilities.
- The Applicant proposes to convert the three lower units into a Bed and Breakfast Inn. Two of the units have two bedrooms and one of the units has one bedroom. The maximum occupancy per sleeping room is 3 therefore the two-bedroom units could host up to 6 guests and the one-bedroom unit could host up to 3 guests for a total of 15 guests in the short-term units at any one time.
- The renovation of the existing facility will require Building Permit approval from the Goodhue County Building Permits Department.
- Pursuant to GCZO Article 11, section 16, the Zoning Administrator has determined minimum off-street parking provisions shall be one parking space per guest room plus 2 additional parking spaces for management/service personnel. Apartment houses are required to have 1 1/2 parking spaces per unit. A total of 12 off-street parking spaces must be provided for the building.

The property owner has provided a signed agreement with Ross Nelson (Welch Mill PID 46.028.1700) to provide 10 parking stalls for the guests/tenants of the building. These spaces will be located near the Cannon River Inn during summer months when Welch Mill is open. During winter months the parking spaces will be located in the Welch Mill parking lot. These areas are shown on the attached site plan.

Goodhue County Public Works Director Greg Isakson reviewed the proposed parking and access plan and stated that he does not see an issue with the proposal so long as parking is not allowed on the west side of the apartment building along County 7 BLVD (there are posted “No Parking” signs in this area).

- The Village of Welch Community Sewer System serves the property. Welch Township is the authority for this system. The Township noted that the proposed change in use should not negatively affect the sewer system and approved their CUP request.

A compliant water test was provided by the Applicants.

- Dumpster and waste removal services will be provided by a local professional business.
- No signage is proposed with this request.
- The building will have exterior floodlights at each entrance as well as security cameras. A hand railing is proposed to be installed along the drainage ditch to the east of the building for guest safety.
- All guests would be responsible to supply their own food and beverages.
- The Bed and Breakfast units are required to be licensed by the Minnesota Department of Health. The Applicant has been in contact with MDH and proof of licensure must be submitted to the County prior to commencing operations.

PAC Findings of Fact:

1. The proposed Bed and Breakfast operation does not appear injurious to the use and enjoyment of properties in the immediate vicinity for uses already permitted, nor would it substantially diminish and impair property values in the immediate vicinity. The use is not a substantial departure from the historical use of the property as apartment units.
2. The Bed and Breakfast facility is not anticipated to impede the normal and orderly development and improvement of surrounding vacant property for uses predominant to the area. The use is proposed to meet all development standards of the Goodhue County Zoning Ordinance and the majority of the operations will be confined within the existing structure. The use, as proposed, appears compatible with existing adjacent land uses.
3. A review of the Applicant’s submitted project summary indicates adequate utilities, access roads, drainage, and other necessary facilities are available to accommodate the proposed use.

4. The applicant has worked out an agreement with a neighboring landowner to fulfill off-street parking and loading space requirements for the proposed use.
5. The Bed and Breakfast facility will be conducted primarily within the existing structure to prevent and control offensive odor, fumes, dust, noise, and vibration so that none of these will constitute a nuisance. Furthermore, the Applicant's lighting plans appear capable of controlling lights in such a manner that no disturbance to neighboring properties will result.

PAC RECOMMENDATION:

The Planning Advisory Commission recommends the County Board

- adopt the staff report into the record;
- adopt the findings of fact;
- accept the application, testimony, exhibits, and other evidence presented into the record; and

APPROVE the request from Anthony Verch (Owner) for a CUP to establish a three-unit Bed and Breakfast facility with a proposed maximum occupancy of 15 guests. Subject to the following conditions:

1. Activities shall be conducted according to submitted plans, specifications, and narrative unless modified by a condition of this CUP;
2. Maximum occupancy shall be limited to 15 guests per night;
3. On-street parking, loading, or off-loading shall be prohibited;
4. Applicant shall obtain Building Permit approvals from the Goodhue County Building Permits Department prior to performing renovations;
5. Compliance with Goodhue County Zoning Ordinance including, but not limited to, Article 11, section 13 (Bed and Breakfast Inns); and Article 26 (MXH, Mixed Use Hamlet District);
6. Compliance with all necessary State and Federal registrations, permits, licensing, and regulations.

Conditional Use Permit for 26370 County 7 Blvd, Welch, MN

Hi we are BLVD 7 LLC and are a small group of local investors that specialize in renovating and renting single family homes and small multifamily buildings. Our main goals are to renovate to clean up the buildings and find the highest and best use for them. A couple of our properties we rent out as short term rentals(Airbnb, VRBO) and have very good luck with these properties. We are Super Host on the Airbnb platform and Preferred Host on Homeaway(VRBO) which is the highest hosting status one can get after being reviewed buy all of our guest we maintain 4.8+ star rating.

We would like to have the opportunity to use 50% of our 6 unit building for short term rentals. With short term rentals we believe this would attract people to spend more time and money in the Village. With the wide variety of activities that the Welch area has to offer we believe the year round demand would be there. We have spoken to Ross Nelson and he has given permission to have 10 parking spots reserved for this building. We will have 4 off street parking spots on the north side of our property. This is a total of 14 off street parking which is more than the county had requested.

The 3 units used for the short term rental will consist of 2- two bedroom and 1- one bedroom. The max guest is 3 per sleeping room so that would be a total of 15 guest.

Thank you for your time and consideration.

Welch Township Board Minutes of Meeting

August 6, 2020 page 1

The August meeting was held as an in-person meeting in the Town Hall. The chairs were positioned to promote social distancing; masks and hand sanitizer were offered to each person entering the room.

The meeting was called to order by Chairperson Andrew Jenson at 7:05 P.M. Supervisors Aaron Bauer and Dan Bauer were also present. Treasurer Joan Slingsby and Clerk Ken Slingsby were present. The minutes of the July 2020 meeting which were previously sent to the Town Board members were not read. The minutes were approved on a motion made by Aaron Bauer, seconded by Andrew Jenson. Joan Slingsby read the Treasurer's report for the Township and the report for the SSD of the Village of Welch. She noted there had been a mixup with the checks for Dakota Electric as they had transferred part of the \$100 check for the Town Hall to the SSD account. A check from the SSD to the Town Board this month will be issued to correct. Aaron Bauer made a motion to accept the Treasurer's reports as written. Andrew Jenson seconded.

BUILDING PERMIT REQUESTS

Name	Location	Declared Value	Twp. Fee
Mark Vinje Erect storage building	Sect. 5 (460051100)	\$29,000	\$529.00
Anthony Verch Change of use (see below)	Sect 28 (460281500)	N/A	\$500.00

HEARING

Chairperson Andrew Jenson recessed the meeting in favor of two hearings. The first was for Mark Vinje, who wishes to erect a storage building at less than the Ordinance required distance to a property line. Mr. Vinje supplied a sketch of the property showing there would be no other place on the property to site the shed. He had talked to the adjoining neighbor, Nick Ries, who stated he had no problem with the proposed location of the building. Mr. Ries had also called the Clerk and voiced the same opinion. Mr. Ries did not send a letter with the opinion. Dan Bauer asked if the Planning Commission had issues with the setback. Mr. Fox replied they had discussed the matter and compared it to an existing building which is even closer to the property line. MN-DOT had been asked if the private drive could continue to connect to 316. There was no concern voiced at this time. There were no comments from those in attendance. Dan Bauer made a motion to accept the request with an eight foot setback from the property line. Aaron Bauer seconded the motion. All voted in favor of the motion.

Chairperson Jenson then called upon Anthony Verch who has applied for a Conditional Use Permit. This would allow a change of use for the 6-unit apartment house to three long term rentals and three short term rentals. Mr. Verch described the interior of the building was being redecorated following the removal of a few tenants that were disruptive. He stated there would be as many as 10 parking spots that Mr. Ross Nelson would allow South of the building. There would be no parking on the West (Co Rd 7 Blvd) side of the building. When asked about a sign, he did not intend to place a sign on the building, but would probably place one to hide the propane tank. The name of the entity representing the building will be Boulevard 7 Rentals, LLC. (continued)

Welch Township Board Minutes of Meeting

August 6, 2020 page 2

Mr. Verch described that three units in the building would be used for long term rentals; three units would be used for short term rentals. He expects to use AirBnB and/or VRBO. He manages other rental properties and is rated by both associations as a Super Host with at least a four star rating for items such as handling of issues and cleanliness. Through the rental managers they can refuse to rent to people less than 25 years of age. He expects the short term rentals would be for at least two days to cut down on the building being used as a party house.

When asked, Darwin Fox, stated most of the Planning Commission concerns had been answered by Mr. Verch. He stated with the removal of the once proposed laundromat, the water usage would not be significantly changed from before, thus removing the concern for the sewer system. By encouraging two or more days per stay in the short term rental, the usage of the building would not be likened to a hotel. Darwin Fox made a motion to accept the request for the Conditional Use Permit consisting of 50% long term rentals, and 50% short term rentals, with an annual review. Dan Bauer seconded the motion. There were no dissenting votes. He promised to send a copy to the township of the building diagram and papers submitted to Goodhue County. His check came from HC Revolutions.

At this point, Andrew Jenson adjourned the hearings and resumed the regular meeting.

OTHER BUSINESS

The Planning Commission further discussed the County's Conservation Subdivision District ordinance. Mr. Fox believes there is more discussion needed before they can make a proposal to the Town Board. He noted the County had put the ordinance into effect and has already had a legal challenge to it.

Dick Jablonski appeared at the Planning Commission meeting to discuss a proposal to supply internet Wi-Fi access to the Village of Welch. This appeared to be an idea rather than a funded proposal. Per Commissioner Linda Flanders, Nuvera has applied for a grant to provide broadband access to parts of the area. She has not yet confirmed that, however.

Elizabeth Pasch asked if a Stop sign could be erected at the intersection of 230 St and 155 Ave, a Tee intersection. People have not been slowing for the intersection. Darwin Fox agreed. He noted that years ago many stop signs were removed, but in recent years, there is more traffic and people do not seem to want to yield to others at these intersections. He recommended a Stop sign and a Stop Ahead pair be erected. Dan Bauer made a motion to erect a Stop sign and Stop Ahead sign on the intersection of 230 St and 155 Ave. Aaron Bauer seconded.

Dan Bauer mentioned he had gotten a call from a person that frequently travels 155 Ave who had mentioned the weeds and trees in the ditch have grown quite a bit. He asked if Luhman Construction could mow some of the weedy areas prior to the usual Fall mowing. Darwin Fox agreed, saying the rain and temperatures of the Summer have made for ideal growing weather for the weeds and trees.

Andrew Jenson opened a bid for road maintenance from Luhman Construction. The clerk announced this was the only bid received following advertisements in the Republican Eagle newspaper. When asked, Mr. Fox stated the price of crushed rock and gone up a dollar per yard to cover increased costs for blasting, insurance and purchasing trucks. Otherwise, there would be no significant price increases. Dan Bauer made a motion to accept the bid for Township road maintenance for the stated period of 2020 to 2022. Aaron Bauer seconded.

PUBLIC HEARING: CUP Request for Bed and Breakfast Inn

Request for CUP, submitted by Anthony Verch (Owner), to operate a three-unit Bed and Breakfast Inn within an existing six-unit apartment building. Parcel 46.028.1500. 26370 County 7 BLVD, Welch, MN 55089. Part of the NE ¼ of Section 28 TWP 113 Range 16 in Welch Township. MXH Zoned District.

Pierret presented the staff report and attachments.

Commissioner Nesseth questioned whether kitchen equipment would be installed in the Bed and Breakfast units.

Pierret stated that each unit has its own kitchen facilities much like an apartment unit. Guests would provide their own food for the duration of their stay.

Commissioner Fox discussed Welch Township considerations and actions. He concurred with what Zoning Assistant Pierret stated regarding the kitchen facilities.

Commissioner Gale questioned how guests would check-in to the facility.

**PLANNING COMMISSION
GOODHUE COUNTY, MN
September 21, 2020 MEETING MINUTES
DRAFT**

Commissioner Fox stated the Applicant has an app that can check-in and check-out guests. He noted that the Applicant and his business partners stated they live within a short distance (10 minutes) of the building in case of any issues.

Chair Gale opened the Public Hearing.

No one spoke for or against the request.

After Chair Gale called three times for comments it was moved by Commissioner Drazkowski and seconded by Commissioner Nystuen to close the Public Hearing.

Motion carried 7:0

Commissioner Stenerson questioned the proposed occupancy numbers on the application (24 people) versus the proposed occupancy numbers in the staff report (15 people).

Anthony Verch (Applicant) stated that the occupancy for the Bed and Breakfast operation is 15 guests while the occupancy for the entire building, including the long-term apartment units, is 24 people.

Commissioner Stenerson questioned whether the Planning Commission was licensing all of the units in the building or just the Bed and Breakfast units.

Bechel stated that the Planning Commission was only considering the three Bed and Breakfast units as the apartment units are an existing use.

Commissioner Stenerson commented that the location in the Village of Welch for the Bed and Breakfast is a preferred location as it will not interfere with any surrounding agricultural operations.

It was moved by Commissioner Stenerson and seconded by Commissioner Miller for the Planning Advisory Commission to:

- Adopt the staff report into the record;
- Adopt the findings of fact;
- Accept the application, testimony, exhibits and other evidence presented into the record; and

Recommend that the County Board of Commissioners **APPROVE** the request submitted by Anthony Verch (BLVD 7, LLC/owner) for a CUP to establish a three-unit Bed and Breakfast facility with a proposed maximum occupancy of 15 guests. Subject to the following conditions:

1. Activities shall be conducted according to submitted plans, specifications, and narrative unless modified by a condition of this CUP;

4. Applicant shall obtain Building Permit approval from the Goodhue County Building Permits Department prior to performing renovations;

Other-Discussion

DISCUSSION: “Businesses Primarily Intended to Serve the Agricultural Community”

Planning Advisory Commission discussion on Businesses Primarily Intended to Serve the Agricultural Community. Topics to include Zoning Ordinance definitions and review of taxation and building permit procedures.

Bechel presented the staff report and attachments. He noted that the Zoning Subcommittee met to discuss this topic and another meeting of the Subcommittee will be needed prior to bringing any action items to the Planning Commission.

Commissioner Fox agreed with Bechel’s comments and agreed that another Subcommittee meeting should be held to discuss the topic.

Commissioner Stenerson questioned whether the two items that were on the agenda for this meeting would be coming back for Public Hearings in the near future.

Bechel commented that the Koenig Home Occupation item was removed because Featherstone Township does not allow Home Occupations at the size the Applicants were proposing. He noted that the Applicants scaled down their operation and were granted an administrative Tier-2 Home Occupation permit instead. Bechel stated that the Conservation Subdivision request by Paul Novak will be coming to the Planning Commission for consideration in the near future.

5ADJOURN: Motion by Commissioner Stenerson and seconded by Commissioner Miller to adjourn the Planning Commission Meeting at 6:30 PM.

SUBJECT: Goodhue County CARES Act Funding Program Update
DATE: October 6th, 2020

Attached you will find a copy of the CARES Act Funding Disbursement Program that provides the actual number of grants and amounts spent per the County Boards approval. The following provides additional insights as to how the program is progressing:

- 1) Although CEDA has 36% of their funds distributed, they have several dozen more grants for review in the pipeline. In addition, I have been working with CEDA to see if there's a way to do a second round of grant distribution so all the funds are distributed by December 1st deadline.
- 2) The leading sectors in the grant distribution to businesses include, retail, restaurants, childcare, agriculture, tourism, and auto repair.
- 3) SEMMCHRA has distributed a total of 9 grants for a total of \$11.727. At the next meeting we will adjusting their budget before the December 1st deadline.
- 4) As HHS contracted with the United Way to help assist in disbursing funds, the United Way has distributed \$212k in funds thus far while HHS has distributed \$41,786 throughout the community.
- 5) As of this report, it appears that we have distributed \$35% of the funds but have closer to 80% of the funds allocated or foreseen as being spent by the December 1st deadline. I anticipate that all of the small business funds will be distributed along with the HHS generator, and the new housing permit reimbursement program.
- 6) At the October 20th meeting we will discuss where to allocate the remaining funds.

Action Item:

- In recent weeks I've heard from a couple different Board Members stating they would like a Broadband study done by the County to see where the service spots are within the County. This will help the County formulate a plan with and be able to submit for various grants in the future. The study would cost approximately \$50,000 but then additional engineering work and the actual install would need to take place which will take a minimum of 18 months to two years to begin. In addition, the County could work with the Bandon Foundation next year and possibly receive a grant to pay for half of the study. Staff continues to work diligently on researching data from other communities regarding this initiative and still awaits answers but would like to know the Boards thoughts.

RE: 06 Oct 20 County Board Meeting – **FOR YOUR INFORMATION**
TH 52/ CSAH 7 Interchange Design Study Update

Date: 30 Sep 20

At their 19 May 20 meeting, the County Board indicated a willingness to work with MnDOT on a potential study to determine a design for a future interchange at TH 52 and CSAH 7.

MnDOT District 6 in Rochester has been selected to receive funding for this study.

This study should determine where an interchange at TH 52 and CSAH 7 would be located, create one or several design concepts, and analyze the social, economic, and environmental impacts of the alternatives. Once the study is completed, the actual detailed design could begin.

Staff is anticipating that the County will need to share in the cost of this study and \$75,000 is included in the 2021 budget for this effort.

More information will be provided as it becomes available.
