Up to 4 Temporary Eligibility Workers- 67 day or 14 hour/week

Nina Arneson brought forth the proposal to add up to 4 temporary eligibility workers that are fully trained Health Care Eligibility Workers to address critical backlog in the Elderly & Disabled Unit, mitigate impacts of extended vacancy and turnover, covering upcoming leave, and meeting increased workload demands related to H.R.1 implementation.

Commissioners Greseth and Betcher agreed to bring the item to the board meeting without a consensus in the Personnel Committee
